THE AZOV AND KOLA WIND FARMS OPERATED BY EL5-ENERGO ARE THE FIRST IN RUSSIA TO RECEIVE CERTIFICATES OF COMPLIANCE WITH THE ISO INTERNATIONAL STANDARDS

Moscow, April 10, 2024. – The wind farms operated by EL5-Energo PJSC – The Azov Wind Farm LLC and The Kola Wind Farm LLC - are the first in Russia to receive international certificates of compliance with the requirements of ISO 9001:2015 (quality management systems), ISO 14001:2015 (environmental management systems), ISO 45001:2018 (occupational health and safety management systems), ISO 50001:2018 (energy management systems) and ISO 37001:2016 (anti-bribery management systems).

Within the period of January 16 - March 1, 2024, Stage 1 and Stage 2 external certification audits for the Integrated Management System (IMS) and Anti-Bribery Management System (ABMS) were held at the Company's subsidiaries. The certification audit under the ISO international standards was conducted by INTERCERTIFIKA LLC, an independent Russian certification body.

The certificates are internationally recognized through the mechanism of IAF MLA certificate recognition agreement and confirm that the management system implemented at the subsidiaries of EL5-Energo PJSC meets the requirements of the international standards. EL5-Energo PJSC was granted such certificates in the previous year.
